WELCOME TO VEURNE

Veurne has an interesting history, art and culture at a stone's throw from the coast and the French border. You'll find historical houses (17th Century) and monuments that each tell their own story. Narrow streets, alleys, a pleasant town park and one of the most beautiful market squares of Belgium make this city an idyllic and charming town worth to visit. It is the ideal destination for foodies. But it is also well-known for its Penitents' Procession, which takes place on the last Sunday in July. You are welcome!

TIP
